

Safety Tips Continued...

- Make sure your ATV has operating head lights and tail lamps.
- Wear long sleeved shirts and long pants.
- Know the area where you will be riding.
- Ride with another person on separate ATV's.
- Never use a 3-wheeler, they are unsafe and no longer manufactured.
- Obey all laws and safety rules.
- Enjoy your ride!

ATV

Safety

According to Iowa Code...

Anyone under 12 years of age cannot operate any all-terrain vehicle (ATV) unless under the supervision of a certified all-terrain vehicle instructor or an experienced and responsible parent or guardian.

Reasons why young people get injured...

1. No helmet use.
2. Carrying one or more passengers on the ATV
3. Lack of mature judgment.
4. Lack of experience.
5. Riding the wrong sized ATV (size is too big for the age of the rider).
6. Inadequate strength and coordination.
7. Inadequate knowledge of the area they are riding in.

Safety Tip for ATV Riders....

- An ATV is NOT a toy. It is a powerful motorized vehicle.
- Always ALWAYS wear a helmet with eye protection.
- Wear closed toe shoes.
- Do not ride with a passenger.
- Take a training course.
- Ride the correct sized ATV.
- Drive at a safe and responsible speed.
- Do not use alcohol or other drugs while you ride.
